OSMOSIS

We are very pleased to inform you that Piraeus Marine Services S.A. is involved in fresh water production by introducing the new **Reverse Osmosis Units** specially designed for cargo vessels.

The production range covers units from 15 MT to 25 MT per 24 hours.

Cost is relatively competitive in the market, **especially low cost of spare parts due to membrane technology.**

Please feel free to contact us for any further information regarding OSMOSIS. PMS S.A. is ready to assist your company at short notice and at competitive prices.

We remain at your disposal for any information you may require.

Best Regards,
