

LOCAL WORKSHOPS. GLOBAL SUPPORT.

Technical expertise where your vessels need it.

In shipping, technical requirements can arise at any time and in any part of the world. When a vessel requires technical assistance away from its usual base of operations, fast response, local availability and reliable coordination become essential.

At PIRAEUS MARINE SERVICES S.A., we have developed an extensive network of local workshops in key maritime locations worldwide, enabling us to provide our clients with efficient technical support wherever their vessels operate.

A worldwide network, coordinated through one point of contact

Through PMS S.A., shipowners and ship managers can access local technical capabilities across Europe, the Middle East, Asia, Central and South America, while maintaining one central point of communication and coordination.

Our role is not simply to locate a workshop. We coordinate each requirement from the initial enquiry, identify the appropriate local solution, follow the technical attendance closely and remain involved until completion.

Our local workshop network currently covers Greece, Panama, Singapore, India, China, UAE, Brazil, Spain, Romania, Turkey, Bangladesh, South Korea, Vietnam, Philippines, Bulgaria and Thailand.

- Faster response
- Efficient coordination
- One point of contact
- Local technical support
- Clear communication & follow-up

Technical support wherever your vessel trades

Through our local workshop network, we can support a broad range of technical services, including:

- Ship Repairs & Maintenance
- Electrical & Automation Services
- Steel Works & Fabrication
- Underwater Services
- Turbocharger Overhauls & Repairs
- Main & Auxiliary Engine Overhauls
- Hydraulic Services
- Rewinding & Electric Motor Repairs
- UTM / Thickness Measurements
- Air Conditioning & Refrigeration System Services

From routine maintenance and planned repairs to urgent technical requirements, PMS S.A. coordinates the appropriate local solution according to the vessel's needs and location.

ONE PARTNER. ENDLESS SOLUTIONS.

Need technical support at your vessel's next port?

Contact PIRAEUS MARINE SERVICES S.A. and let our team coordinate the solution.

SOURCE. REPAIR. DELIVER.
